Cricut Project Instruction
Established Sign Frame

Directions:
1. Open Cricut Design Space.
2. Click "New Project" to open a new project canvas.
3. Click "Shapes."
4. Insert the square shape.
5. Click the "lock" icon on the bottom left of the shape.
6. Pull the square into a rectangle shape. Size it to a 5" x 7".
7. Click the "text" icon.
8. In your desired text, write "est."
9. Create a new text box.
10. Place the year in the text box.
11. Using the frame shape and a measuring tape (if needed), estimate where the words should go on the rectangle.
12. Attach the words to the rectangle shape, placing them in the correct location.
13. Send the image to the Cricut machine, cutting on the LightGrip cutting mat and white card stock.
14. Remove the card stock from the cutting mat. Check it with the Buck and Doe Heart Craft Shape and the frame for placement before securing with Glue Dots®. If the placement is satisfactory, continue to step 17. If it is not, repeat steps 13, 14 and 15.
15. Spray paint the Buck and Doe Heart Craft Shape. Let dry completely.
16. On the reverse side of the Buck and Doe Heart Craft Shape, apply Glue Dots® Advanced Strength Dots, folding them as needed to fit the size of the shape.
17. Adhere the Buck and Doe Heart Craft Shape to the white piece of card stock, centering the year in the Buck and Doe Heart Craft Shape.
18. On the back side of the white card stock, apply Glue Dots® Advanced Strength Dots around the edges.
19. Press the white card stock to the front of the frame backer.
20. Insert into the frame.
